MON - FRI 8:30AM - 5:30PM**

# Fully open. Still magnificent.

## markilux 1700

Whenever you would like to enjoy life outdoors, the open design of the markilux 1700 will create comfortable shading on your patio or balcony. Its organic design is elegant and timeless, and thanks to the stable torque bar, it opens up the option of connecting up to three awnings together, making it possible to shade large areas without any problem. Enjoy the pleasant atmosphere this much openness brings.

## markilux 1700 stretch

Available for narrow recesses and openings, with two crossover folding arms providing greater projection than width.

## Polished chrome fittings

Both the open markilux 1700 and its closed counterpart, the markilux 1710, can be embellished with polished chrome end caps and inserts on request.

# mx\_1700

**Open awning**  
max. 700 × 400 cm

**Arm technology**  
Bionic tendon

**Options**  
polished chrome fittings,  
valance,
