## SeceuroGuard | 1000 Retractable Security Gates

### The original retractable security gate.

Elegant good looks with a heart of steel – the SeceuroGuard retractable security gate system combines a classic appearance with a high level of protection, ideal for your home or workplace.

Designed to keep intruders out while letting maximum light in, they are perfect for vulnerable ground floor windows on doors, for domestic, retail or commercial premises.

When not in use these retractable gates are surprisingly unobtrusive. Fitted to the door or window surround, they can disappear neatly behind curtains and a pelmet can be used to conceal the top track.

SeceuroGuard retractable gates are exceptionally safe and easy to handle with a smooth, quiet operation. They hang from a top track with a guide track at the base which can be supplied as an optional extra to quickly fold away when not required.

- Exceptionally strong security barrier
- Galvanised for corrosion resistance and powder coated
- Fully retractable system
- Excellent through-vision when locked
- Multi-point locking from a single key
- Smooth running carrier system
- Custom built for any opening
- Quick and easy to use
- Can be fitted with a locking post at both ends to provide maximum flexibility of operation
- Where access is not required, a fixed sash option is available
- An unlimited width can be accommodated in sections

#### Ideal for:

- ✓ Retail premises
- ✓ Fitting in front or behind glass
- ✓ Offices
- ✓ Commercial premises
- ✓ Domestic properties
- ✓ Where a lower cost manual option is required

## SeceuroGuard | 1001 Insurance Approved Retractable Security Gates

High security tested to Loss Prevention Standard 1175-1 (LPS 1175-1).

The SeceuroGuard retractable gate system combines a classic appearance with effective protection, ideal for the home or workplace. The high security 1001 is tested and approved to LPS 1175-1. The system can be easily fitted to the face or reveal of a window or door aperture and can be specified in a single or double-sash configuration. Where a clear walk through is required SeceuroGuard's bottom track can, as an optional extra, be made to fold up.

- **Versatile** – Fits internally in either the window reveal or around the opening in either single or double-sash configuration
- **Ease of use** – Smooth top running operation with an optional extra of a fold up bottom track to leave doorways unobstructed
- **Secure** – Multi-point locking operating from a single key
- **High quality finish** – Supplied in high quality white powder coated finish as standard

Xpanda

**Xpanda**  
Deterrent Security Products

## Anti-burglar protection and deterrent security products.

The Xpanda range of physical security solutions offer a visual deterrent and act as an effective security barrier suitable across a variety of applications. The off the shelf design and trackless system ensures that Xpanda is easy to operate and is suitable across almost any size or shape of opening.

With its diamond design Xpanda creates an aesthetically pleasing, unobtrusive look and is the ideal solution where ventilation is required.

### Ideal for:

- ✓ Pharmacies
- ✓ Catering facilities
- ✓ Factories
- ✓ Motorway service station concessions
- ✓ Shop display windows
- ✓ Patio doors

The Xpanda system creates an effective barrier whilst allowing for maximum air-flow. When not in use the system can be folded away for maximum visibility.

**SeceuroBar**  
Removable Window Bars

## Removable Window Bars.

The award-winning SeceuroBar system features anti-cut steel bars which are securely locked into position to protect vulnerable window openings, but can be released from the inside to allow total vision or maintenance of windows.

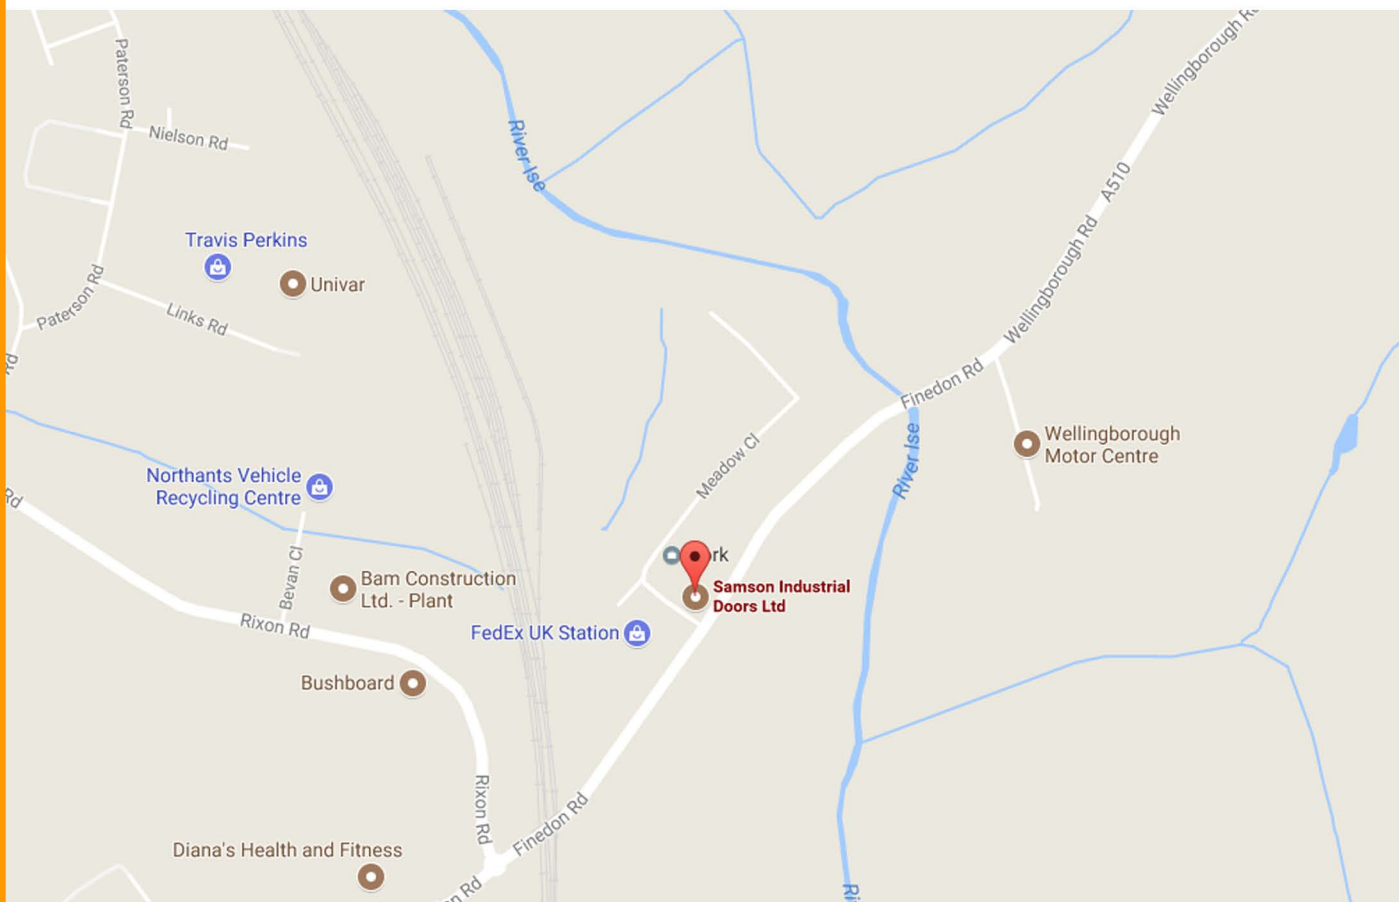

Suitable for installation in a horizontal or vertical format, SeceuroBar is finished to a high standard and delivers security which is quick and easy to install, yet highly effective in a range of locations.

A higher security fixed bar system is also available for locations where removal is not a requirement.
