

The *Simplicity* Range

The Simplicity range of solutions have been designed with quality longevity and speed of installation in mind.

We have developed these systems to be completely made from aluminium so that they last the rigorous of the British weather.

They can be glazed with either glass or polycarbonate so that you can be assured they can meet most budgets.

We place a lot of importance on keeping things simple and quick to install (hence the name) this means these products are really simple for your clients to maintain.

Having a range of options is also important so that customers can enhance the experience by adding upgrades like lighting, heating and additional protection from the elements.

Cost effective carport or garden veranda systems that are quick and easy to install.

2 options

All aluminium solutions available in any colour

We have 2 very different options with 2 sets of upgrades within the Simplicity range which will enable you to specify a product to most applications and budgets.

The *Simplicity Xtra*

The *Simplicity 6*

option **1**

The *Simplicity Xtra* Glass Veranda

Features & Benefits

- **Easy Glaze Roof System** – The Simplicity Xtra features an easy glaze roof system to make the installation process much quicker and simpler
- **4m Projection** – The Simplicity Xtra veranda can span up to 4 metres (glass length) to cover areas with a large projection
- **Unlimited Length** – The length is unlimited, allowing your customers to cover the whole length of their home/building
- **Aluminium Frame** – The frame is made completely from aluminium for strength and longevity
- **Glass Roof** – The roof is covered with 6mm glass as standard, tinted glass and 6mm self-cleaning glass is available as an upgrade (please contact us for glass upgrade prices)
- **Integrated Guttering** – Guttering is integrated into the veranda frame for a sleek appearance and minimal maintenance. Available with a choice of internal or external downpipes
- **Upgrades Available** – Which include remote controlled dimmable integrated spot lights, the Victorian Upgrade, Wall Mounted Heaters and Self-Cleaning Glass
- **4m Between Posts** – There is a 4m spacing between the posts for an almost undisturbed view
- **Available in Any RAL Colour** – The aluminium frame is supplied in a choice of White (RAL 9016) or Anthracite Grey (RAL 7016) as standard. Other RAL colours are available at an additional cost
- **10 Year Guarantee** – Supplied with a 10-year guarantee and a 25-year life expectancy

Information on the design load and maximum span limits is available on request.

Projection up to 4m

Posts Spacing

Projection:	Up to 4m
Spacing:	4.0m

Glazing Bars Spacing

Projection:	Up to 4m
Spacing:	600mm

Pitch

From 2.5 degrees to 22.5 degrees

These are general calculations, once we understand your requirements we will perform an assessment for wind and snow loadings based on your postcode.

LED Remote Control Unit

Wall Mounted Heaters

Infrared Outdoor *Heaters*

The infrared wall mounted heaters have ceramic elements that are designed to gently warm adults and children whilst outdoors under a covered structure such as a canopy using Far Infrared technology which is completely harmless and contains no ultraviolet radiation or fumes.

The heaters also do not emit or noise and provide a gentle heat similar to the feeling of the winter sun.

Your customers can enjoy keeping warm outside without feeling too hot and without experiencing any unsightly glare.

The ceramic plates generate heat quickly and reach their full operating temperature within less than 10 minutes.

Each unit is supplied with a 5 year warranty and require no maintenance. They are CE certified and carries the UL safety recognition (file no. E214574) when installed by an approved electrician.

Size:

Available with 2 or 3 heated elements to create medium or large heated areas with a choice of different power outputs.

Reflex Glass *Heaters*

A powerful, waterproof short-wave heater (IR-A) with a tinted, ceramic-glass front that provides instant heat in all outdoor areas. The heaters include brackets for wall and ceiling mounting however, they are available with a frame for ceiling installation.

Available with
Dimmer and
Remote

Reflex *Sound*

Bluetooth speakers for outdoor use – perfect for under a veranda.

- High quality, long lasting speakers
- Waterproof, IP Protection Class IP65
- The heater case, glass and frame are available in a choice of colours including black or silver
- Size: 900mm x 170mm x 80mm
- Colour Black only
- Available with a remote control
- Can be connected together with the Relax Heaters
- 2-year guarantee

Modular *Heaters & LED Lights*

Our unique modular heaters and LED Lights offer individual combinations for every project.

They compliment all our canopies, verandas and awnings, are easy to install and waterproof.

Combine single modules or standard sets to every desired colour and length – 10, 20, 30, 50 or 100m.

Choose from our standard colours pure white (9010), Black (9005) and anthracite (7016) or with a supplementary charge for an individual colour of your choice.

Mounting brackets are included whether single modules or standard modular sets.
