**The markilux shadeplus**

The vertical shading in the front profile adds the finishing touch and provides protection from the sun and prying eyes. On request with a hard-wired /radio-controlled motor.

**Various decorative elements**

Whether you choose the end cap insert in stainless steel mesh, the end cap trim and frame in a chrome finish or all deliberately uniform in the awning colour of your choice – you can design your very own personalised top model by markilux.

# No false modesty: Germany's top model.

**markilux 6000**

A designer awning with many faces – each one more beautiful than the next. Create your own personal and unique model from a wide range of awning frame colours, decorative elements and available accessories. With its remarkable dimensions and technical specification, the markilux 6000 makes a lasting impression. It also cuts a dashing figure as well. Invite Germany's top model into your home.
