

Security Grille Range

At Xpanda:

We make a difference – we aim to please, you do retail, we do security barriers. Your customers do life, we protect it. Our brand echoes 5 decades of global trust.

Since 1974, Xpanda has been hard at work, making the world a little safer.

Our Xpanda Saftidor Security barriers are BIG on everything you need, with nothing that you don't.

Why Choose Xpanda?

- X** Been there done that since 1974
- X** Xpanda delivers – Wherever you are.
- X** ISO9001:2015 – Because quality matters
- X** Xpanda cares, before, during and after.

Saftigrille

Xpanda Saftigrille - Tough on crime, easy to install

The Xpanda Saftigrille comes standard with Slamlock technology, two dual locking pins, and can be installed to lock on the left or right-hand side. The Saftigrille is assembled with our unique tubular steel tubes, anchored with our patented rivet system. This ensuring a strong barrier, that remains easy to use. The Saftigrille is pre-treated, and epoxy coated to ensure longevity against the elements, and in our standard range of white or black colours, it is sure to fit any opening and aesthetic design.

Barricade

Xpanda Barricade – The intelligent shopfront security solution

Stops smash and grab stock loss – or your money back

The Xpanda Barricade, with it's unique scissor lattice pattern, has been widely accepted across the globe by high profile brick and mortar corporate retailers as the most cost effective shopfront security grille for over 50 years.

Many loss prevention officers believe, that when it comes to smash and grab deterrence, a visual and strong physical barrier remains one of the most critical aspects of layered after-hour shopfront protection.

Barricade Applications:

Shopfront Windows / Doors / Emergency Exits / Hallways / Restrooms / Kiosks

	W x H
Barricade A	840 x 2000
Barricade B	1000 x 2000
Barricade C	1150 x 2000
Barricade D	1300 x 2000
Barricade F	1600 x 2000
Barricade G	1800 x 2000
Barricade H	1950 x 2000
Barricade K	2400 x 2000
Barricade P	3150 x 2000

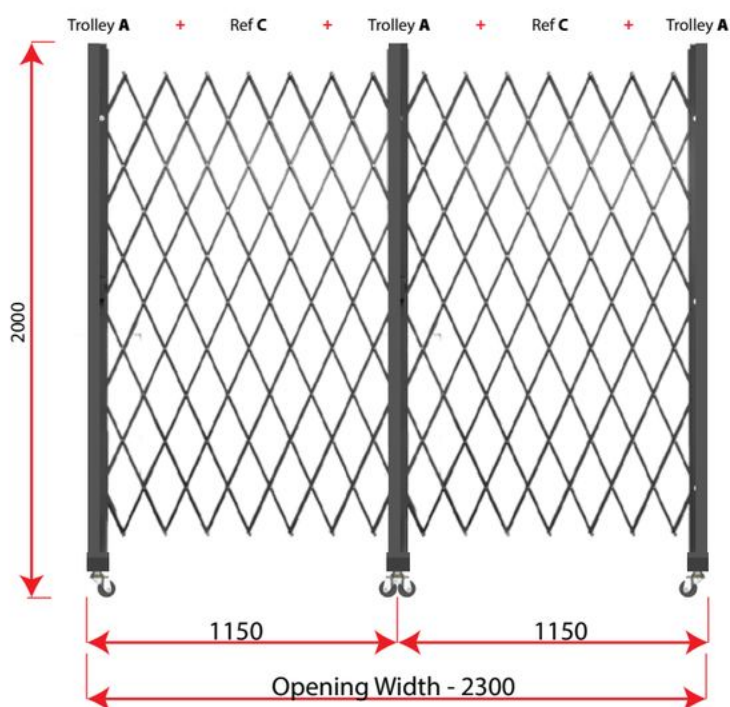

**Custom sizes available*

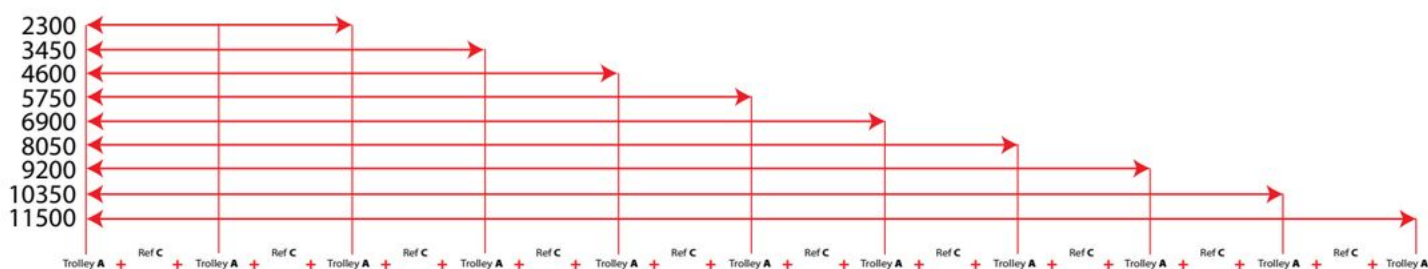

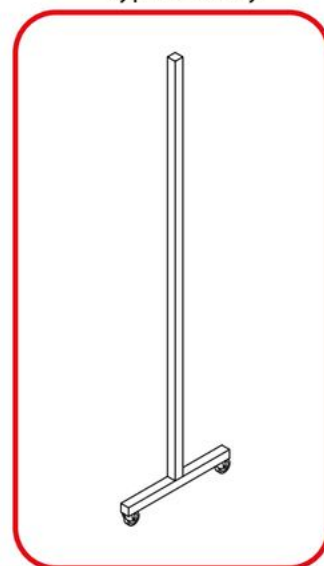

Larger Shopfront Windows / Larger Doors / Dock Doors / Hallways / Entrances / Rough Sleeper / Deterrence

Installing onto a windowsill – NO Problem:

Barricade T-Bracket
563100
For centre locking grilles

Barricade Deep T-Bracket
563111
For centre locking grilles that requires that little extra,

Barricade U-Bracket
563150
Ideal for additional bottom or top half of the grille stability.

Barricade shootbolt
562250
In the event you can't fit a T or a Deep T-bracket – the Shoot bolt will offer the requires stability.

Aluminium U-Channel
58002
Make sure the guide wheel remains on the windowsill.

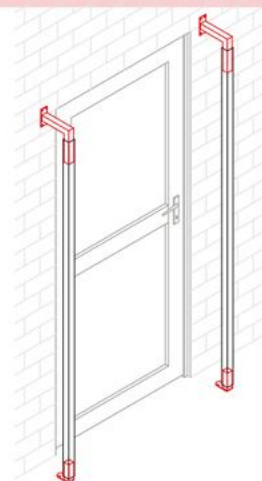

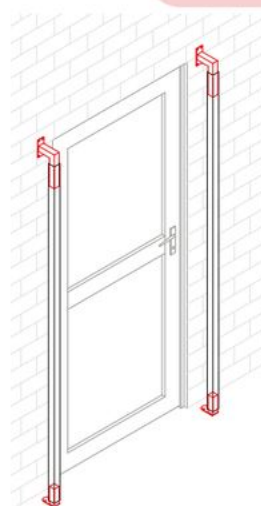

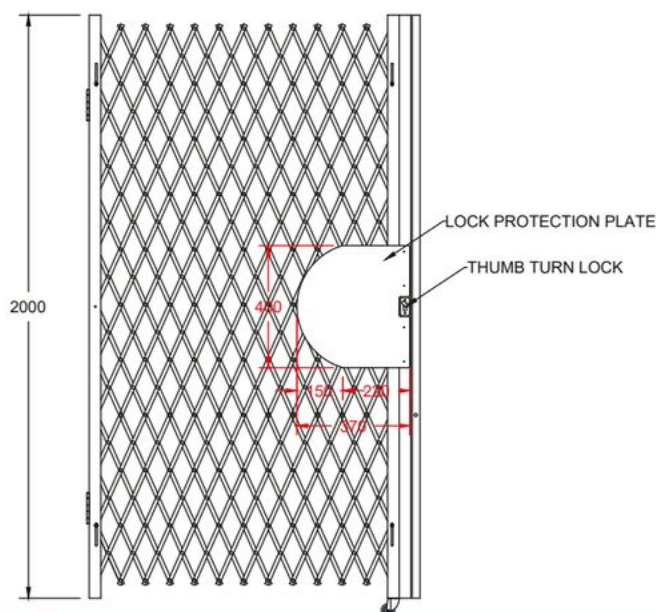

Window Saddles
58003
Left and Right bracket, to be used in conjunction with Installation Post 38 x 38. Bracket fixing options, horizontally into window frame, or vertically into reveal, or both.

(the window saddle prevents access underneath and below the grille)

Emergency Exits that require Health and Safety compliance for FIRE EXITS:

- X** Thumb turn lock available with the Barricade Aluminium Adams Rite Type Lock option.
- X** Lock Protection Plate – stops access from the non-safe side.

Xpanding Barrier

The Xpanda Xpanding barrier is designed specifically for removable access control. Typically used instore, where certain sections need to be cordoned off during non-trading hours, warehouse demarcations, parking garages, train stations, airports and shipping yards.

The Xpanding Barrier is available in Aluminium (AL) and Steel (ST) versions:

Aluminium Xpanding barrier – with its all-aluminium 20 square tubular construction, it can span up to 6000mm in width and comes standard in a 1800mm height. These units can be trolley based for stability, with heavy-duty castors, and centre castor support ideal for any surface. With various fixing and locking options, this barrier could be deployed in no time, and removed when not in use:

W x H
 Xpanding Barrier AL 3000 x 1800
 Xpanding Barrier AL 4000 x 1800
 Xpanding Barrier AL 5000 x 1800
 Xpanding Barrier AL 6000 x 1800

Standard colours:

White

Black

**Special colours available on request*

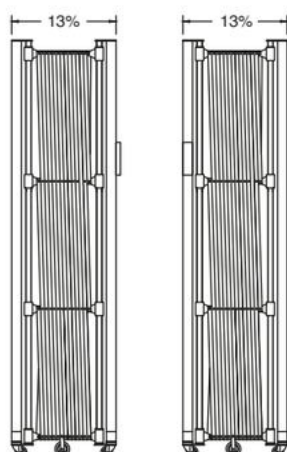

Options:

Full Trolley System (completely removable)

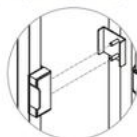

One side fixed (Floor mounted post) with a trolley on the opposite end (for centre locking units)

One side fixed, with wheeled post on the other end for easy locking into a fixed surface

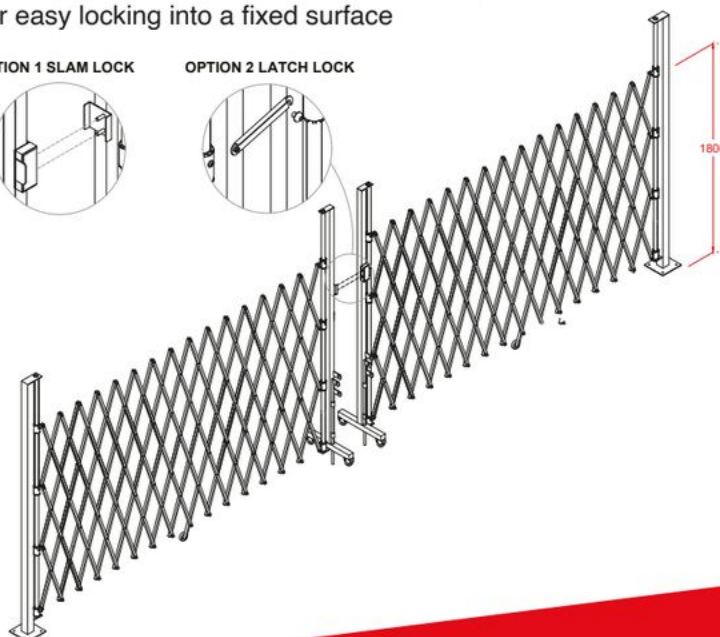

STACK ON LEFT STACK ON RIGHT

OPTION 1 SLAM LOCK

OPTION 2 LATCH LOCK

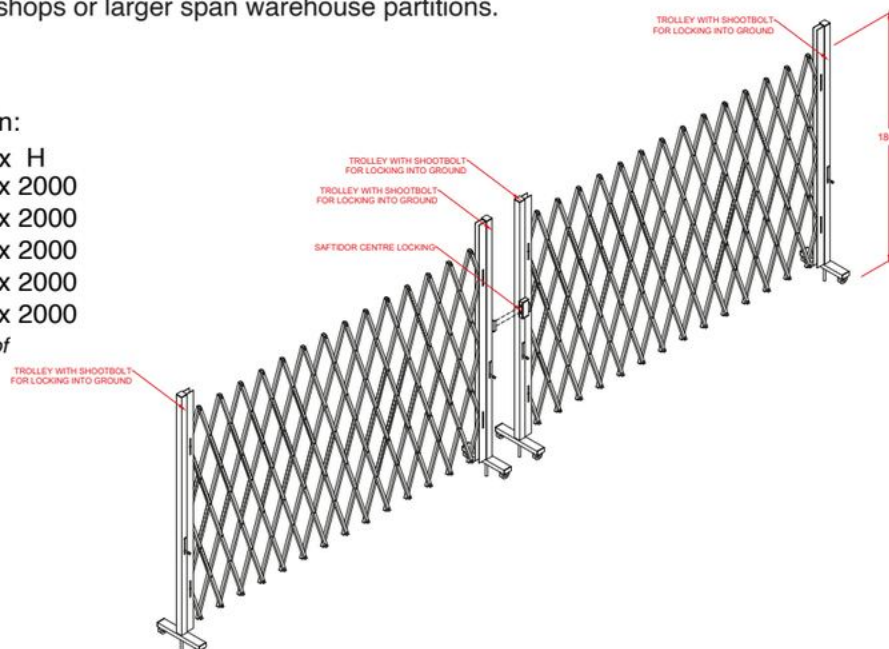

Steel Xpanding barrier – the steel Xpanding barrier with its unique tubular steel design can be fixed onto various trolley options to establish any required width. The steel barriers can be locked into trolley sections, they can be made to hinge at 90 degree angles, and with the various trolley options are ideally suited for cordoning off areas during non-trading hours, pop up shops or larger span warehouse partitions.

The barriers are available in:

	W x H
Xpanding Barrier ST	1300 x 2000
Xpanding Barrier ST	1600 x 2000
Xpanding Barrier ST	1950 x 2000
Xpanding Barrier ST	2400 x 2000
Xpanding Barrier ST	3150 x 2000

**Or any combination thereof*

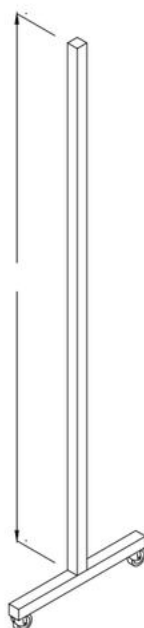

The Xpanding barrier steel will be order with the below options:

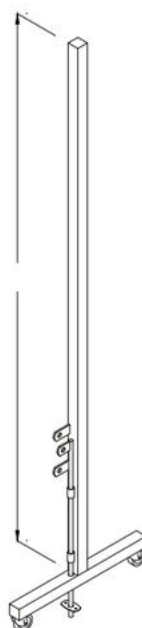

Trolley Options:

- Xpanding Barrier Trolley A (Standard T-Trolley)
- Xpanding Barrier Trolley B (T-Trolley with shoot bolt for locking into position)
- Xpanding Barrier Trolley C (L – Trolley where there is simply not space for a T trolley i.e. against a wall)

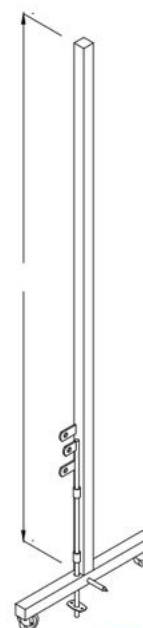

TYPE A TROLLEY

TYPE B TROLLEY

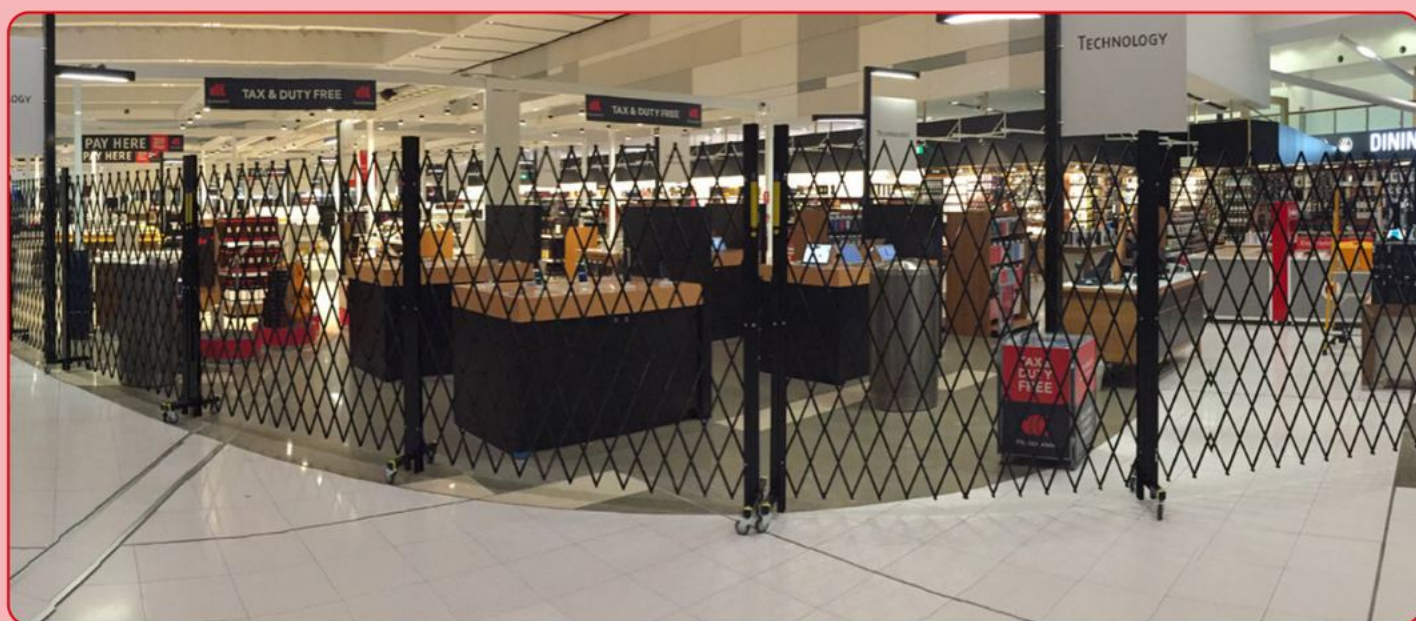

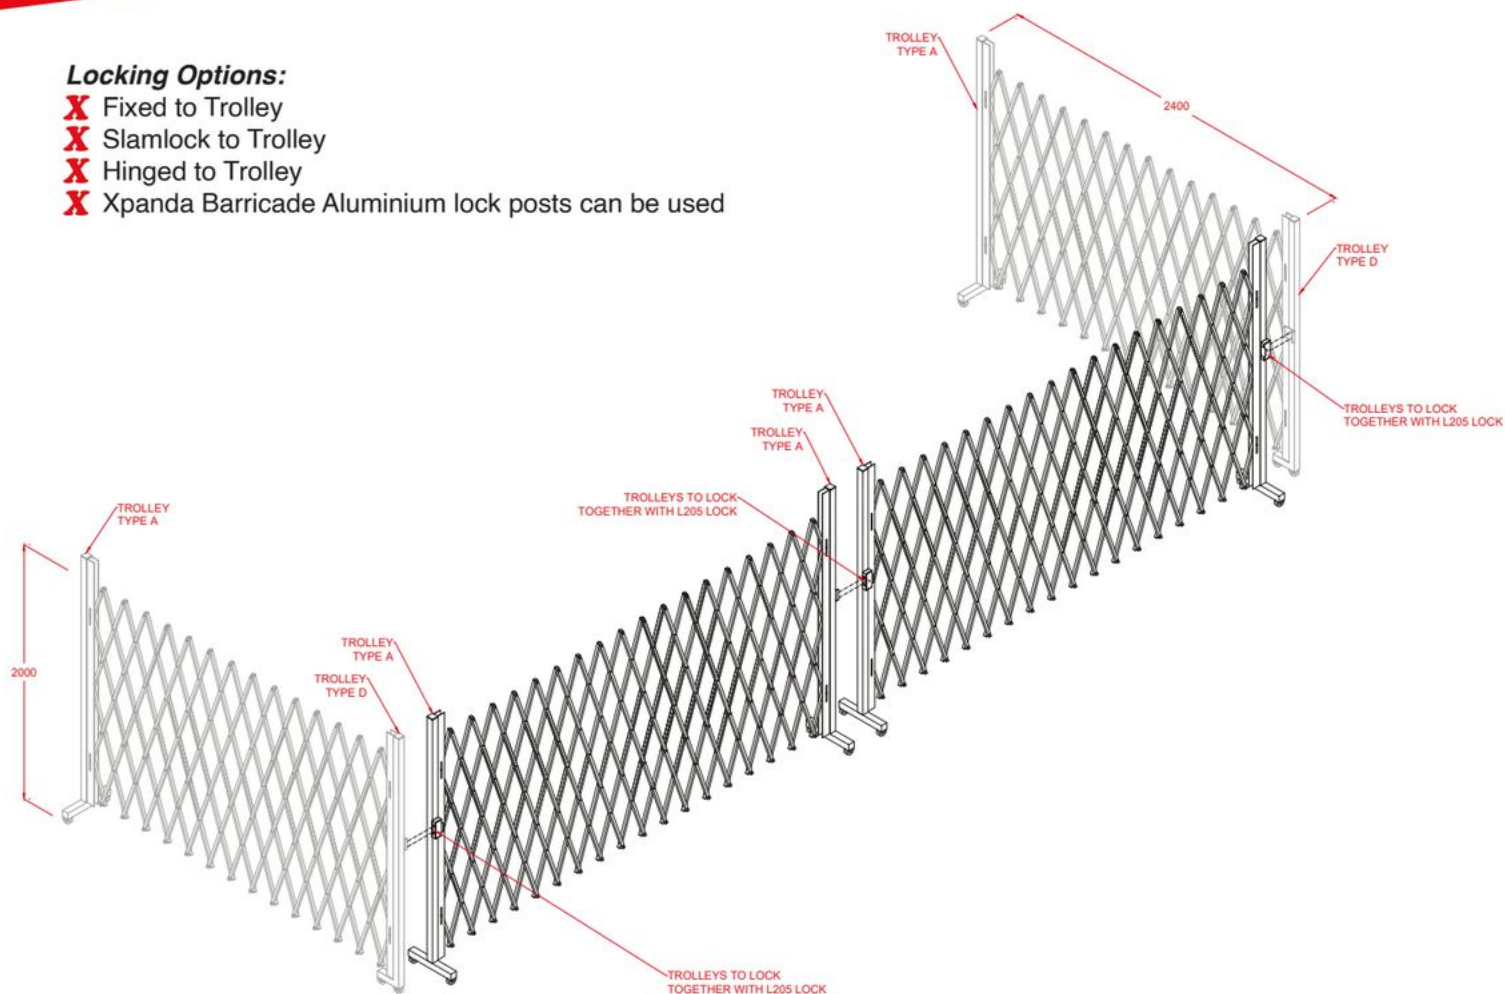

TYPE C TROLLEY

Locking Options:

- X** Fixed to Trolley
- X** Slamlock to Trolley
- X** Hinged to Trolley
- X** Xpanda Barricade Aluminium lock posts can be used
