

Carport Legend Edition with polycarbonate

The Legend Edition is mostly used as a veranda, but the Legend Edition can also be perfectly used as a luxury carport.

Roofing

With the Legend Edition you can choose from two standard types of Polycarbonate roofing; Polycarbonate Clear or Polycarbonate Opal.

At an additional cost you can also choose polycarbonate roofing materials with specific properties; such as heat resistant or extra clear plates.

Additional possibilities

In addition, the Legend Edition carport is always expandable with options to further enhance your comfort and get the most out of your carport.

Roofing
Polycarbonate Clear or Opal

Gutter
Standard gutter profile

Posts
