MON - FRI 8:30AM - 5:30PM**

The *Simplicity 6*

The *Simplicity 6*

The **Simplicity 6** is a stylish veranda, canopy and carport system that is glazed with a choice of 6mm toughened glass.

With elegant posts and optional glass roofing, this product offers you a deluxe canopy or veranda at an affordable price. By featuring the option of glass roofing, the **Simplicity 6** offers improved acoustic properties – reducing the noise of rain drops during a downpour; these glass panels also provide a sparkling finish which is easy to maintain, particularly if the self-cleaning glass is chosen.

All framework is constructed from durable aluminium, with the option to powder coat the structure to any RAL colour or BS colour.

The **Simplicity 6** is the perfect veranda solution for domestic gardens and provides effective and stylish cover from the weather for alfresco dining and garden parties.

With a span of up to 3.2m glass length from its supporting wall, and an unlimited length you will have a solution that can be adapted to suit your exact needs.

The **Simplicity 6** comes with a full 10 year guarantee and a 25 year life expectancy, making this a real investment that you will be able to enjoy for many years to come.

Now available in either white or anthracite grey as standard.

"The veranda has made a big difference to our property and it has created a great outside space all year around. In warm weather it's great for eating outside and to entertain and in cooler or wetter weather can still be used to sit outside in the garden with some shelter."

MR. GREEN - BASILDON, ESSEX

Features & Benefits

- **Full 10 Year Guarantee** – The **Simplicity 6** is supplied with a full 10 year guarantee and a 25 year life expectancy for the canopy frame
- **UV Activated Self-Cleaning Glass** – Optional 6mm self-cleaning toughened glass has a UV activated special coating that is applied during manufacture that breaks down organic dirt which is then washed away by the rain. Only a small amount of UV is needed to activate the special coating so that the veranda remains clean even on cloudy days
- **Toughened Glass** – Both glass options are toughened during manufacturing and achieve Class 1 BS EN 12600 for impact performance
- **Low Maintenance** – All roof options are low maintenance, particularly the self-cleaning glass, which means less cleaning is required, saving you time and money
- **High Light Transmittance** – All roof options offer high light transmittance
- **Available Projections** – Up to 3.2m projection (Bar length)

- **Simple Fixing System with Minimal Parts** – For a simple and speedy installation
- **Low Profile** – The **Simplicity 6** can be fitted in height restricted areas
- **Integral Aluminium Guttering** – Creates a sleek, modern design which is stronger than external guttering systems and saves time on installation

Information on the design load and maximum span limits is available on request.
