MADE FOR ME

The awning for my very own personal style

Design is my pet passion – and has been for quite some time now. What I love about Semina Life: the **modern, clear lines** and more than **150 great fabric patterns** along with **200 frame colours**. Plus the high-quality stainless steel look headplate rings on the side. In my opinion this awning is the highlight on my patio.

SEMINA LIFE –

MADE FOR US

The awning for our most wonderful moments on the patio

We love undisturbed time together as a couple – especially outdoors on our patio. Which is why we chose Semina Life with Valance Plus. The **vertical privacy and sun protection** extends downwards at the press of a button – and we are already totally alone. The atmospheric mood is then complete with the **warm white LED lighting that can be dimmed infinitely** and the Tempura heating system.

SEMINA LIFE – MADE

FOR EVERYONE

The large awning for the whole gang

We are family people and there are quite a few of us. We love gathering on the patio. Everyone wants to be well protected there. Which is where the large solid Semina Life awning comes in perfectly. We are mainly impressed by the **large area of shade** and high quality standards. Cushioned feed rollers allow it to be **closed quietly**, the **weinor LongLife arm** is extremely resilient and gives the fabric **optimum performance** and appearance. What more could we want?

COMBINE DESIGN AND COMFORT!

THE LATEST FRAME COLOURS

At weinor you can select from more than **50 standard colours** and more than **150 more RAL colours**. The powder coating done in our in-house factory guarantees colour fastness and a uniform gloss level.

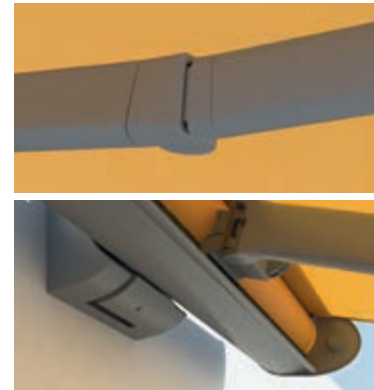

EXCLUSIVE FABRIC QUALITY

Choose your totally personal pattern from **more than 150 fabric versions!** State-of-the-art nanotechnology allows dirt to simply roll off. And the innovative solution dyeing technology guarantees long-lasting colour brilliance.

TOP QUALITY

A taut fabric is crucial for the awning's overall look. This is ensured by the **weinor LongLife Arm with high-tech belt**.

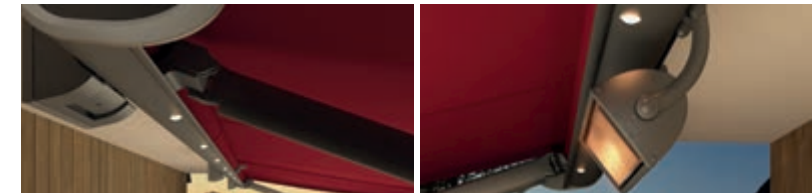

A seamless appearance: **attractive bracket covers** hide the screws for mounting the awning to the wall.

LIGHT AND WARMTH

Your options for great comfort: enjoy evenings on the patio under warm white **LED spotlights** that can be dimmed infinitely.

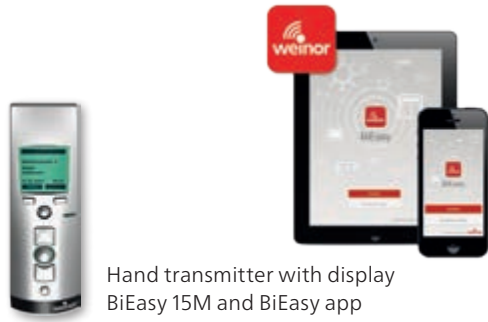

You can even enjoy your patio at cooler times with the **heating system Tempura**. It can be retrofitted and is unobtrusively attached to the awning cassette.

MODERN DESIGN COVERS

The beautifully shaped **stainless steel look headplate rings** perfectly round off your customised combination of frame colour and fabric pattern.
